NORTHWESTERN STATE
UNIVERSITY OF LOUISIANA

Dear Northwestern Alumni:

My decision to retire from the position of president of Northwestern State University after more than 30 years in the field of education was a most difficult one, because my service to the young people of Louisiana--particularly at Northwestern--has been most rewarding.

Northwestern progressed in numerous areas during the years in which I had the privilege to serve as president of the great old institution, and for this I am deeply proud. I am proud of our physical expansion, enrollment increases and development of new academic programs.

It must be emphasized that no university president can be successful without the cooperation and assistance of alumni, students, faculty and staff members and elected officials, and I always enjoyed this cooperation at Northwestern.

My years as president of Northwestern were challenging and often difficult, but they were also enriching and deeply fulfilling. Certainly, I made mistakes, but I leave the position of president with the peace of mind that comes from knowing that every decision I made as president of Northwestern was based upon what I considered to be best for the university.

I pledge my total support to my successor and extend to him my warmest and most sincere wishes for success. Thank you again for your cooperation through the years, and please join me in continuing to support the institution which means so much to all of us.

Sincerely,

Arnold R. Kilpatrick

Arnold R. Kilpatrick
President

THE COVER: Dr. Arnold R. Kilpatrick, right, submits a letter announcing his retirement to former Senator Harvey Peltier, Jr., of Thibodaux, president of the State Board of Trustees for Colleges and Universities. Kilpatrick, who will retire Jan. 31, has served as president of Northwestern for 11 years.

Kilpatrick To Retire As NSU President

Dr. Arnold R. Kilpatrick announced to the State Board of Trustees for Colleges and Universities this summer that he will retire from his position as president of Northwestern effective Jan. 31, 1978.

President of the university since August of 1966, Kilpatrick served as dean of the college at Northwestern for six months before assuming the presidency.

Kilpatrick, who has served as a teacher, coach and administrator in Louisiana education systems for 30 years, will become a vice-president of the AMI Group of Shreveport upon his retirement from Northwestern.

Chairman of the Department of Elementary and Secondary Education at Northeast Louisiana University before moving to Northwestern, Kilpatrick was on the Northeast faculty for 15 years.

From 1946 until 1961, Kilpatrick was a mathematics and social studies teacher at Jonesboro Hodge High School and also served as the school's assistant football and head basketball coach. His basketball team won the Class A state championship in 1950-51.

A 1938 graduate of Eros High School, he earned his bachelor's degree from Northwestern in 1943 after attending Northeast Junior College for two years. Kilpatrick received his master's degree from Louisiana State University in 1953 and his doctorate from LSU in 1965.

Unprecedented enrollment increases, academic advancement and physical expansion have highlighted Kilpatrick's tenure at Northwestern. Enrollment, which was below 5,000 when Kilpatrick assumed the presidency at NSU, now exceeds 6,500.

Numerous new degree programs have been developed during Kilpatrick's administration, including two-year associate degrees in various academic fields and the university's first doctoral degrees, which were established in 1969 just one year before Northwestern achieved university status.

Physical development during Kilpatrick's tenure has changed the face of the 916-acre Northwestern campus. More than \$25 million has been obtained for construction of such facilities as a Biological Sciences Building, Teacher Education Center, Student Recreation Complex, Physical Education Center and the Eugene P. Watson Memorial Library. A \$10 million athletic complex is currently taking shape on the Northwestern campus.

NSU-Northeast Game Highlights Homecoming Ceremonies Oct. 1

Thousands of alumni and visitors will converge on Northwestern Oct. 1 for the university's annual fall Homecoming activities.

"Something Old, Something New," the Homecoming theme, focuses on Northwestern's rich tradition as an education pioneer in Louisiana and the school's enormous growth and progress in recent years.

Highlighting the Homecoming program will be the football game Saturday night at 7:30 p.m. between Northwestern and Northeast Louisiana University in the new Turpin Stadium.

Homecoming is being coordinated by the Office of External Affairs at NSU. Dr. C. B. Ellis, director of external affairs, is coordinator of the program, and co-chairmen of the Homecoming program are graduate students Doug Norris of Harahan and Judith Morgan of Monroe.

Homecoming activities begin Friday with a pep rally at 7 p.m. at the Student Union. A student-alumni dance is scheduled for 8 p.m. in the Student Union Ballroom.

Saturday's activities start at 10 a.m. with an NSU Foundation board of directors meeting in the Student Union Governing Board Conference Room. At 11 a.m., the board of directors of the Northwestern Alumni Association will meet in the Student Union.

A Homecoming parade featuring floats, bands and other marching units from Northwestern and area high schools is scheduled for noon on the Northwestern campus and in downtown Natchitoches.

Registration, campus tours, open houses and a reception are scheduled from 2 p.m. to 4 p.m. Registration and the reception will be conducted in the Student Union.

Tours will include a tour of the new stadium and recreation complex. Campus dormitories, sorority and fraternity houses, special interest groups and academic departments will sponsor open house during the afternoon.

Members of the Graduate N Club will meet at 4 p.m. in the N Club Room of Prather Coliseum, and the annual Homecoming Banquet will be at 5 o'clock. Entertainment for the banquet will be provided by the NSU Entertainers, and alumni may order their tickets in advance.

The Homecoming Queen and members of her court will be presented during ceremonies at 7 p.m. at the stadium, and following the game will be several alumni and student parties, dances and other programs. Lists of post-game activities are available from the Office of External Affairs.

Northeast to Provide Opposition For Homecoming

Old rival Northeast Louisiana will be providing the opposition Saturday night, Oct. 1, when Northwestern State University plays its first Homecoming football game in the all-new Harry "Rags" Turpin Stadium.

Game time is 7:30 p.m. in the 16,000-seat facility, with pre-game activities scheduled all day on the NSU campus. The pre-game festivities in the stadium are tentatively scheduled to begin at 7:15 p.m.

It will be the third home outing of the season for Northwestern. The Demons of third-year head coach A. L. Williams opened the campaign against Texas-Arlington Sept. 3 for the dedication of the new stadium facility, and Arkansas State invaded the Astroturf of Turpin Stadium on Sept. 17. NSU has traveled to meet the University

of Cincinnati and Stephen F. Austin so far this season.

The rivalry with Northeast is a long one, dating back to 1952. Northwestern holds a dominating 18-7 lead in the 25 games played between the teams, but in recent years it has been a much closer series. In fact, the Indians had downed the Demons three years in a row before NSU rallied for a 21-9 victory in Monroe last season.

Northwestern will also be looking to get above the .500 mark in Homecoming games since 1948. The Demons have a 14-14 record in Homecoming outings since that year and have lost four of the last six Homecoming battles.

All is not lost, though. Northeast has been the Homecoming guest of NSU on four previous occasions, and Northwestern has emerged victorious in three of those four games.

Ski Trip Planned

The second annual Northwestern ski trip to Colorado is scheduled for Jan. 2-9. The first 40 persons who make reservations through the Alumni Office will participate in the trip to Purgatory Ski Valley near Durango.

Northwestern's party will travel by chartered bus and will stay at Tamarcon Ski Resort which features heated swimming pools, steam rooms, saunas, exercise rooms, indoor tennis courts and paddle tennis courts. The resort also provides ice skating, sleigh rides, snow shoeing, tobogganing and a variety of restaurants and lounges.

The approximate cost for transportation and lodging will be \$190.

Information may be obtained through the Alumni Office, and reservations will be accepted on a first-come, first-served basis. A \$50 deposit must accompany each reservation.

50-Year Reunion

Alumni who attended Northwestern 50 years ago are being invited to participate in a reunion program on the campus Oct. 15.

Dr. Jolly Harper, chairman of the 50th year reunion, said, "We brought back alumni last year who had been at Normal 50 years earlier, and it was such a rewarding and enjoyable experience that we are having another 50-year reunion this fall."

Registration will begin at 10 a.m. in the Student Union Lobby. A banquet will begin at 12:30 p.m. in the Student Union Ball room.

Reunion participants may attend the football game between Northwestern and Lamar at 7:30 at Turpin Stadium. Banquet tickets are \$6, and reunion participants will be guests of the university for the football game. Reservations may be made by writing Dr. Jolly Harper, NSU Foundation, Natchitoches.

Alumni Assistance is Needed In High School Recruitment

All Northwestern Alumni who are teachers, counselors, principals, superintendents and other educational officials are urged to help Northwestern recruit students. The following are areas of university activities through which alumni can be of assistance:

Vocational Exploration Days—On Saturday, Nov. 5, 1977, and on a weekday in the Spring Semester of 1978, Northwestern will observe "Vocational Exploration Days." High school juniors and seniors will be invited to return to the campus along with their counselors for career sessions and visits with university professors. Students are invited to be guests of the university at a football and basketball game on the two dates. In-service training programs are conducted for the counselors while their students are in career counseling sessions.

High School Career Days—Northwestern would like to be represented at each of the 700 high schools in the state for their career days. High schools in your area who have not had Northwestern representatives present need your help. Call the Alumni Office if you are interested in representing your university at a high school in your area.

Campus Visitation—Prospective students are invited to visit the beautiful campus of Northwestern each Thursday and Friday. Students are invited to arrive on the campus Thursday afternoon, spend the night in a dormitory, attend university athletic events, go on a conducted tour of the campus and have appointments with professors in their academic areas of interest—all cost free. Invite your students and friends to visit your campus. Send a name. Write Dr. C. B. Ellis, Assistant to the President at Northwestern, and tell him of any

student whom you know that should receive information and an invitation regarding Northwestern.

General Assistance—Northwestern's freshman enrollment for the fall semester is some 200 students higher than last year, and alumni throughout the state deserve much of the credit for the increase. Alumni have worked closely with the university in the past few years to assist in the recruitment of high school students. There are numerous ways in which alumni can present a favorable image of Northwestern to prospective students, and we hope our graduates—who continually express their pride in Northwestern—will accelerate their efforts to direct new students to a university that has been a leader in higher education for nearly 100 years now.

Every alumnus and friend of Northwestern is invited to become a recruiter. Your help is appreciated.

Alumni Events Set

Northwestern alumni social events and meetings are scheduled across the state as follows for the fall:

Oct. 1—Natchitoches, Homecoming

Oct. 21-22—Shreveport, State Fair Weekend, NSU vs. Tech

Nov. 12—Lafayette, Pre-Game Social, NSU vs. USL

Nov. 21—Lafayette, Louisiana Teachers' Association Convention

Nov. 19—Hammond, Pre-Game Social, NSU vs. Southeastern

Other fall activities will be scheduled for Alexandria, Monroe, Baton Rouge, New Orleans and Lake Charles

BECAUSE WE CARE WE SHARE!

These people cared and shared. Northwestern expresses appreciation to the alumni and friends listed below who made tax deductible contributions to the NSU Foundation between the dates of February 1 - August 23, 1977. You may mail your gift, designated for the university program of your choice, to the NSU Foundation, Natchitoches, LA 71457.
